Candidate's Personal Statement

As a newly joined KOTESOL member, I am running and seeking for the position of Secretary. As a Career Counselor in New York City, I was responsible for counseling over 150 clients' monthly and maintaining accurate weekly touchpoints and supportive documents in our online data base. This speaks to my nature of being organized and staying on top of my tasks before turning my head towards other matter. In my current position, I conduct over thirty classes a week which requires time management skills in order to plan effective lessons.

If I am elected secretary, I will ensure that all KOTESOL members and officers are informed about events and changes happening within the chapter to ensure that members are aware of what is offered to them.
