### Candidate's Personal Statement

I have a passion for promoting professional development within Korea's EFL community. While teaching may not be in our background, Korea is where life has taken us and, as such, we should make sure we do the best we can while we are here. I love the community that KOTESOL provides, and I love the Daejeon-Chungcheong Chapter. I am honored to have represented the chapter as president for the past two years. I would be honored to hold the position again in 2017.

**Signed: Mike Peacock**

**11.08, 2016**
