Candidate's Personal Statement

Chinese students represent perhaps the greatest untapped group in TESOL, Korea. As a Chinese student in TESOL program here in Korea, I have always been interested in challenges/struggles of NNSs, and also in communication and cooperation between the NSs and NNSs. It would a great honor for me to become more actively involved in KOTESOL as well as TESOL field in general. I believe this experience would not just be beneficial for me, but also beneficial for more of Chinese students in the TESOL, Korea.

Signed: Yan Xiaofang date: November 8th, 2016
