President’s Report:

The Leadership Retreat began at approximately 10.00 p.m. on Saturday, December 15th, 2001. President Robert Dickey called the Retreat meeting in order by welcoming all executive council members and invited guests. It was stated that the aim of this Retreat was to identify KOTESOL goals and objectives, as well as ascertain necessary tasks for specific committees, the Executive Council, and Special Interest Groups. He mentioned that attendees were present in at least one of two capacities. Either an attendee was representing a chapter or council post, or was a member-at-large possessing leadership qualities. It was alluded to that few potential leaders, in the past, wished to assume tasks that would enable the development of communication and organizational - direction within KOTESOL’s inner-circles, and general membership. He mentioned that steps had to be taken to inspire/develop leadership among members. It was stated that KOTESOL must be assured of exactly what it is as an organization. President Dickey hinted that this organization needed to be re-identified and perhaps, re-labeled. It was maintained that the re-focusing of our identity would be an
intrinsic part of KOTESOL's future goals or objectives.

First Vice-President's Special Report:

Dr. Sangdo Woo mentioned his desire for the Ministry of Education to offer foreigners official positions on the Korean Education Board. He hoped that KOTESOL's regional conferences would be upgraded to national conference status. He maintained that KOTESOL should have two national conferences; one in the spring, the other in the winter. In conclusion, he stressed that KOTESOL members should strive to cooperate more with each other in making the organization stronger.

Treasurer's Report: David Shaffer stated that KOTESOL's present balance was 47,457,642 won (as of December 15, 2001). The opening balance was 45,076,294 won (as of October 11, 2001). The total revenues were 7,970,348 won, and total expenses were 5,589,200. There was a net gain of 2,381,148 won.

Secretary's Report:

Joseph Nicholas presented the 2001 KOTESOL Annual Business Meeting minutes. Reference to the Business Meeting minutes will be made later in these NEW minutes, in a section entitled: Motions Put Forward.

Chapter Reports:

Presidents of three major chapters could not attend; therefore, no reports were presented. These reports will be included in the next Executive Council meeting minutes.

Committee Reports:

Publications Report: Trevor Gulliver expressed his ideas regarding the re-designing of the TEC magazine cover. He encouraged all attendees to share their ideas about modifying the TEC logo or other sections.

Membership Development Report: This committee had new members so the report was not provided by one individual; instead it was presented by a group. First, there was a strong willingness to increase KOTESOL membership. Second, special chapter meetings should be arranged so potential members can be encouraged to join. Third, one TEC issue should be geared towards recruiting new members. Also, incentives to join KOTESOL should be provided for conference attendees.

National Program Committee Report: This committee includes the 2nd Vice-President, the SIG facilitators, and the SIG's as well. Some members of this committee suggested that non-KOTESOL members who join SIG's should pay a nominal fee. David Kim, the Research SIG facilitator maintained that charging a non-KOTESOL member would hinder a SIG's internal growth.

Teacher Training (KTT) Committee Report: KTT chair, Douglas Margolis, was not present, but a memo was sent to KOTESOL regarding KTT's desire to conduct a needs assessment survey, in order to determine what the teacher training needs are.

International Affairs Committee Report:

Kirsten Reitan, the International Affairs Chair, could not attend, but she conveyed to KOTESOL that she wished to select certain active members of KOTESOL to join this committee. It will deal with all international affairs and issues related to KOTESOL. The duties of this committee includes sending publications to affiliates, and to PAC members. Any issue involving PAC or its members would require the involvement of this committee.

Conference Committee Report: Craig Bartlett, the Conference Chair, and Co-Chair Ju Yang Don stated that they were presently negotiating an agreement with Dr. Young Hyung Sook of Sooemyung Women's University's ESL Center, to potentially host the next KOTESOL International Conference. Craig Bartlett also mentioned that KOTESOL may not be charge for rent of the university's facilities, but
Technologies Committee Report: John Phillips, the Technologies Committee Chair, mentioned the importance of KOTESOL’s use of the legal version of Linux software rather than using an illegal version of the Windows variety. He announced that KOTESOL’s main computers and database would be running the Linux software by March 1st, 2001. John Phillips also explained that his present work schedule is becoming a burden. Therefore, he can no longer be as committed to KOTESOL as he once was. He has officially asked for a new Webmaster to replace him. He did state he would still keep his position as national Webmaster until a new one is found.

Finally, John wished to set up two computer training sessions for interested candidates, who wish to meet KOTESOL’s computer-related needs. He asked for 1,000,000 won from KOTESOL’s budget, in order to cover training costs. If this budget allowance is approved he hopes to begin the sessions during the summer, 2002.
