

**Endorsement for Kirsten Razzaq**  
**Position: Second Vice-President**

Dear Nominations and Elections Committee Chair,

I would like to formally endorse Kirsten Razzaq for the position of Second Vice-President. I am currently the Busan-Gyeongnam Chapter President and work with Kirsten in her capacity as Busan-Gyeongnam Chapter Secretary. This was my first time working with Kirsten closely, and she has proven herself to be wonderful at generating wonderful new ideas, being organized, timely, and working well with others. She has restarted our newsletter, she has led a reflective practice workshop, and she helped out during our chapter's social activity at the 2021 International Conference.

Speaking of conferences, she is also part of the 2021 National Conference, where she is the Program Chair. She has helped take on the work that needs to be done and then some. One of the things that I find to be admirable is that she volunteers her help often. She has made it known that she wants to take on more in terms of leadership and KOTESOL involvement, and I think she is suited for the task. If you are looking for someone who will whole-heartedly take on a cause, then Kirsten would fit perfectly.

Sincerely,

Anika Casem  
University of Ulsan  
KOTESOL member since April 2017
