

Robert Kim's Endorsement for Martin Todd as Secretary

I fully endorse Martin Todd to run as secretary in KOTEOL's National Council. Through his various duties as the second vice-president and first vice-president of the Yongin KOTESOL Chapter, he has been a dependable and reliable chapter officer who has been instrumental in the operation of the regional chapter. He has effectively provided suggestions and ideas to make Yongin a viable and running chapter. For example, he helped design the chapter constitution, a separate Facebook page, and chaired annual Yongin conferences. To reach out to student members, he even endorsed having a student representative as part of the chapter executive. Martin has helped in running the nominations and elections of Yongin Chapter executives. He is an effective team player who has provided ideas and suggestions. In addition, he is a solid listener who is willing to be open to new ways of helping a chapter be effective and competent. Thus, I firmly believe that he can serve as a viable asset to the National Council as its secretary.
